SKILLS

- LANGUAGES : C++ | JS | C | PYTHON
- TECHNOLOGIES : HTML | CSS | SQL | MERN STACK | | GIT & GITHUB
BOOTSTRAP | TAILWIND CSS |

EDUCATION

CSE | SSIT TUMAKURU

CGPA : 8.08 (2023-27)

XII (CBSE) | J N V TUMAKURU

84.4% | 2023

EXPERIENCE

PROJECTS

1. **WANDERLUST** | MongoDB, Express.js, Node.js, Passport.js, Mapbox API, Cloudinary
 - Built a full-stack property listing platform (MEN stack) with Passport.js authentication, enabling users to create accounts and list, edit, and manage property listings
 - Implemented a review system using a one-to-many MongoDB schema, allowing users to post and view reviews tied to each listing
 - Integrated Mapbox API for geocoding and rendering interactive maps showing each listing's location
 - Deployed the application live with Cloudinary for cloud-based image storage and delivery
